

Peace River Area

Of Narcotics Anonymous

Policy

As of August 2018

We establish ASC guidelines to clarify our responsibilities and articulate clearly the ground rules that each of us (that are privileged to serve) will observe and respect. Just as our **3rd tradition** reminds us, we are all equally members of Narcotics Anonymous. We put our expectations clearly in writing here so that each participant of the Peace River Area Service Committee can expect the same ground rules to apply whether we come as the newest member or the longtime service participant, a GSR or some other Trusted Servant. These guidelines are intended to help us “be of” service in developing them now or adjusting them in the future, we should regularly look to our **12th Concept**, which reminds us:

In Keeping with the spiritual nature of Narcotics Anonymous, our structure should always be one of service, never of government.

The Definitions of an Area Service Committee

An Area Service Committee (ASC) is made up of service representatives (GSR'S) from within a designated area. They meet monthly for the express purpose of serving the specific needs of its member Groups and to unify the Groups within that area.

The most important service which an ASC provides is that of supporting the Groups. Whenever a Group has a specific situation or need which it has been unable to handle on its own, it can come to the ASC for help. These situations are nearly limitless in scope, but we have learned that we can get much accomplished when we work together to carry the message of recovery.

An ASC may perform other functions which are of help to the Groups. It may help Groups get started or give aid to floundering Groups, hold workshops, or seminars to train trusted servants, or look for potential places to keep a stock of literature which the Groups can purchase. The point is that an ASC handles whatever functions are necessary or helpful to its Groups.

The attracting of new members, the planning and implementation of activities, and the aid given to Groups with specific situations are services which require much more effort than a monthly meeting. In order to provide these services, an ASC needs the active participation of its GSR's. Each GSR must keep their Group informed and must represent that Group's conscience in all committee decisions. GSR'S should evaluate each vote in terms of the needs of those they serve.

It also takes money to provide these services and it is a Group responsibility to offer this support. Usually, as an area grows, the financial need of its ASC also grows. In order to provide a full line of services, the ASC requires a steady flow of money. Some areas provide these funds through activities. This alternate course of financial support may be helpful, but the final responsibility still falls on the Group members.

In order to coordinate its services, each ASC elects' officers and subcommittee chairs yearly. Their leadership helps to provide the incentive and direction needed for the respective services of their position to be completed. Upon election, the officers or

subcommittee chairs must resign any other area position. No ASC trusted servant may hold more than one area position at a time.

The Twelve Traditions of Narcotics Anonymous

1. Our common welfare should come first; personal recovery depends on NA unity.
2. For our Group purpose, there is but one ultimate authority – a loving God as he may express Himself in our Group conscience; our leaders are but trusted servants, they do not govern.
3. The only requirement for membership is a desire to stop using.
4. Each Group should be autonomous, except in matters affecting other Groups, or NA as a whole.
5. Each Group has but one primary purpose – to carry the message to the addict who still suffers.
6. An NA Group ought never endorse, finance, or lend the NA name to any related facility or outside enterprise, lest problems of money, property, or prestige divert us from our primary purpose.
7. Every NA Group ought to be fully self-supporting, declining outside contributions.
8. Narcotics Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
9. NA, as such, ought never be organized; but we may create service boards or committees directly responsible to those they serve.
10. NA has no opinion on outside issues; hence the NA name ought never be drawn into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.
12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.

The Twelve Concepts for Narcotics Anonymous Service

1. To fulfill our fellowship's primary purpose, the NA groups have joined together to create a service structure, which develops, coordinates, and maintains services on behalf of NA as a whole.
2. The final responsibility and authority for NA services rests with the NA groups.
3. The NA groups delegate to the service structure the authority necessary to fulfill responsibilities assigned to it.
4. Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants.
5. For each responsibility assigned to the service structure, a single point of decision and accountability should be clearly defined.
6. Group conscience is the spiritual means by which we invite a loving God to influence our decisions.
7. All members of a service body bear substantial responsibility for that body's decisions and should be allowed to fully participate in its decision-making process.
8. Our service structure depends on the integrity and effectiveness of our communications.
9. All elements of our service structure have the responsibility to carefully consider all viewpoints in their decision-making process.
10. Any member of a service body can petition that body for the redress of a personal grievance, without fear of reprisal.
11. NA funds are to be used to further our primary purpose and must be managed responsibly.
12. In keeping with the spiritual nature of Narcotics Anonymous, our structure should always be one of service, never of government.

Duties of the Group Service Committee include:

2. To hold trusted servant's workshops.
3. To provide and give orientation to the new GSR and Alternate GSR prior to each ASC meeting.
4. To coordinate a workshop on the conference agenda report for the GSR.
5. To assist new groups in getting started and have available group starter kits to be given to the new groups when their GSR attends orientation.

X. PARLIMENTARY PROCEDURES

These guidelines are intended to be simple, easy and understand explanation of the procedures utilized at the ASC meeting for the GSR's. As a GSR, your input to the ASC is essential to both your groups and your area, so it is important that you can meaningfully participate.

1. An ASC meeting is composed of different parts. There is an agenda that is usually followed. The opening of the meeting, the secretary's and treasure's reports and the report from the subcommittees are parts of the meeting that are structured. Remembering that it is you ASC, you should pay close attention to these reports because you will be asked to either accept or reject the reports or accept them with corrections (for example the Secretary may have made an error recording a portion of last month's meeting, or the Treasurer may inaccurately report your group's contribution to the ASC).
2. The way you participate in the meeting will be governed by the principles set out below. The following procedural authority will guide area business:
 - A) The 12 traditions of Narcotics Anonymous
 - B) The procedural guidelines of the Peace River Area
 - C) Roberts rules of order newly revised
 - D) A guide to local service
 - E) Additional rules that the body may adopt, in that order.

The Chairperson, to assure a smooth and orderly meeting, will adhere to these guidelines. The Chairperson is empowered to keep discussions focused on the topic and within a reasonable time frame.

1. You can only be recognized by the Chairperson; this is done by raising your hand. The Chairperson must acknowledge you for you to speak. When you have something to say

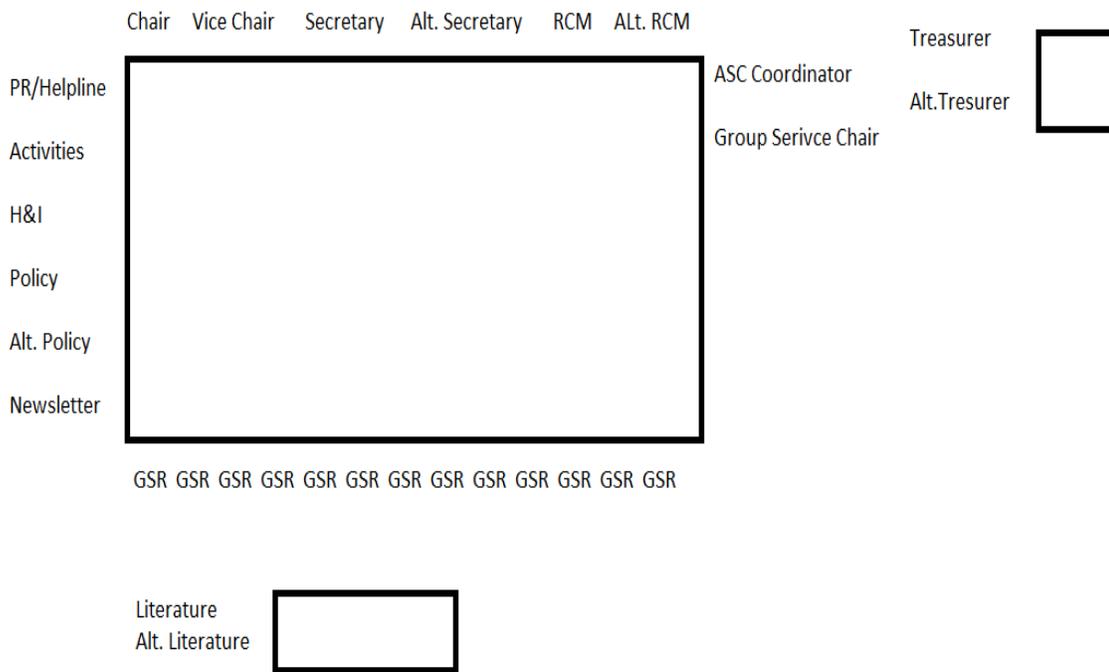

it generally must be relevant and timely to what is going on in the meeting, with some limited, specific exceptions.

2. A main motion must be submitted in writing and comes up for discussion during new business. Another member of the ASC must second this motion, before the ASC can consider it. A “second” is an indication by the person making the “second” that the idea deserves consideration by the members of the ASC. If there is no “second” the matter will die.
3. Once “seconded”, it becomes the business of the GSR’s of the ASC to consider the motion and discuss its pros and cons. The Chairperson will usually call upon the sponsor of the motion to explain the intent of the motion. When he/she is through, the Chairperson will ask for other NA members who wish to speak for or against the motion. There will usually be three pros and three cons. Under limited circumstances, debate maybe extended.
4. Unless an amendment of the motion is proposed, seconded and accepted, or the motion is tabled or referred to the groups, debate is then concluded, and it is time to vote (a 2/3 vote is required to close, limit or extend the debate). A simple majority of the votes cast by the GSR’s is required for the motion to pass. A majority means one more than half of the votes cast. Certain motions require a 2/3 vote to pass, these include:
 - A) To amend the policy guidelines
 - B) To close, limit or extend debate
 - C) To close nominations
 - D) To remove a trusted servant of the ASC from office
 - E) To change the order of business
5. In many cases, a simple voice vote of the GSR’s is sufficient. For example, when a vote is called to accept the minutes or a treasurer’s report, all those in-favor may signify by saying “aye” and those opposed may signify by saying “nay”. However, when a vote is required, GSR’s must raise hands to signify their vote. If the vote is a tie, the Chairperson may break the tie with a vote at the Chair’s discretion or may call for the matter to be returned to the groups for a group conscience decision and be brought back to the next ASC.
6. If any GSR thinks that the vote is close, a roll call may be called for the wherein every GSR is individually polled and an accurate tally taken. The request for a roll call vote is itself a motion that must be seconded, is not debatable and requires a simple majority to be passed.

- 7. Only the administrative members, subcommittee chairs, and the GSR's have a voice on the floor (except during open forum when any NA member can address the ASC.)

XI. SEATING CHART FOR ASC MEETINGS

Purpose: to make it easier for the chair to count votes and to speed the process

XII. DEFINITIONS

Budget: an itemized estimate of expected income and expenditures; plan of operations

GSR: group services representative

Official quorum: 51% of the GRS's on roll call (necessary to conduct ASC business).

Majority vote: 51% of the voting members

“roll call”: all Peace River Area groups with voting privileges. New groups are included on roll call and have voting privileges at the 2nd consecutive ASC meeting they attend.

Rules of Order Definitions:

Main Motion:

A main motion is a motion whose introduction brings business before the ASC. Such a motion can be made only when no other motion is pending.

Amendments:

An amendment is a motion to modify the wording and within certain limits the meaning of a pending motion before the pending motion itself is acted upon. An amendment must in some way involve the same question that is raised by the motion to which it is applied. An amendment cannot introduce an independent motion. An amendment is debatable only if the motion to be amended is debatable.

Motion to Table:

A motion to table may be applied only to a main motion that is pending. At the time a motion to table is made, an intent is to be given. The motion to table is in order for:

- a) To get further information.
- b) More pressing business to be dealt with.

A motion that is tabled remains on the table until taken up the by ASC by a motion to do so, or until the next ASC meeting when it will be brought up by the administrative committee under Old Business. This motion is not intended to kill a main motion or suppress debate on it. Any motion tabled twice dies!

Motion to Refer to Committee:

When a motion to refer to committee is made, it is to send an item of business to a relatively small group of selected persons, a committee, so that a question may be carefully investigated and put into better condition for the ASC to consider. Unless specified, the issue will be brought up at the next ASC meeting by the committee. Debate on a motion to refer to committee will be limited to one pro and one con, and the debate will pertain only to the desirability of committing the motion or the instructions to the committee, and not to the merits of the main motion. If passed, there will be two pros and two cons on the original motion so as to obtain information to give direction to the committee.

Motion to Refer to Groups:

When a motion to refer to groups is made, it is to send an item of business to the groups for their consideration. The issue will be voted on at the next ASC meeting. Debate on a motion to refer to groups will be limited to one pro and one con and the debate will pertain only to the desirability of committing the motion. If passed, there will be two pros and two cons on the original motion so as to give information to bring back to the groups.

Motion to Reconsider:

A motion to reconsider is meant to bring an item that has already been dealt with onto the floor. This is used to permit the correction of hasty, ill-advised, or erroneous action or to take into account new information or situations not considered when taking the original vote. Since this motion is not to be used for rehashing motions that an individual or minority were not pleased with the outcome, this motion can only be made by a GSR who voted on the prevailing side or a member who spoke in debate to the prevailing side of the motion. After the end of the next ASC meeting it would no longer be in order to reconsider a motion. You may not reconsider a motion more than once.

Unanimous Consent:

That is a method that allows the ASC to move quickly through routing business or questions of little importance. This is a less formal way of handling business and is an alternative to taking a vote on a motion. If the Chairperson senses no opposition to a motion, he/she will state that the motion is carried by unanimous consent unless there is an objection. If there is no objection to this, the minutes will reflect that all of the voting members were in favor. If a member objects to this, the matter will go to a vote as prescribed for the motion.

Withdraw or Modify:

A request to withdraw or modify may be made by the maker of the original motion upon his/her acceptance of a suggestion from another member. After a motion is made it belongs to the ASC as a whole and the maker must request the ASC's permission. The Chairperson treats this as a unanimous consent matter; that is, if no one objects to this, the request is granted. If there is an objection, the Chairperson automatically puts the request to a vote which is not debatable.

Motion to Call the Vote:

A motion to call the vote must be seconded. A 2/3 majority is required to adopt this motion. The intent of the motion is to bring the original motion to a vote without any further amendment or debate. This motion is not to be made to suppress information but rather to expedite the proceedings.

Point of Information:

A point of information is a question directed to the Chairperson to obtain information concerning parliamentary procedure on the motion that is pending. This allows a member to ask a question, and it is not to make a statement or give information.

Point of Order:

When a member feels that the rules, policy or guidelines of the ASC are not being adhered to, he/she can make a "Point of Order" which in effect is asking the Chair to make a determination of whether or not the procedure the member is pointing out is in fact being violated. A point of order is not a method in which to dispute the accuracy or validity of another member's remarks but instead is to bring to the attention of the Chairperson that a member feels that the proper procedure is not being followed.

Suspend the Rules:

A motion to suspend the Rules is made when a member of the ASC would like to waive certain ASC procedure. The motion will include the rule to be suspended and the length of time it shall be suspended. The motion requires a second and a 2/3 majority.

Appeal the Decision of the Chair:

By electing the ASC Chair, the ASC delegates to him/her the authority and duty to make necessary rulings on questions or parliamentary procedure. Any two members (one making the appeal and another seconding it) have the right to Appeal from his/her decision on such a question. The question is taken from the Chair and given to the ASC for final decision. Debate will be limited to one pro by the maker of the motion and one con by the Chair, limited to two (2) minutes each.

Vote of Acclamation:

Full approval of all voting members present, a unanimous assent.

Administrative Committee: Chair, Vice Chair, Secretary, Alt. Secretary, Treasurer, Alt. Treasurer, Two (2) RCMs.

Subcommittee Chairs: Activities, Helpline, Hospitals and Institutions, Literature Distribution, Review Literature, Newsletter, Policy, Public Information.

Theft of NA funds

#30 theft of na funds

The following paper was written in 1996 and revised in 2002 in response to a number of letters indicating that theft of NA funds is a recurring issue in our fellowship. In preparing this paper, we have relied on the experience of many groups, area and regional service committees, convention corporations, and service offices as shared with us in correspondence and at workshops on the issue. We encourage you to make use of this valuable and often painfully learned experience in your management of NA funds.

Substantial donations are contributed by the NA Fellowship every year. These funds are given by NA members who trust that they will somehow help other addicts get clean. While this money is precious, the member's trust is even more so. We need to keep the image of that one member and that one donation in mind whenever we make decisions about handling NA's money.

Most of NA's money gets where it is supposed to go. NA members serving in positions of financial responsibility for the fellowship volunteer countless hours to make sure everything adds up. Services such as local phonelines are paid for; literature is purchased and available to members at meetings; tens of thousands of meetings take place every week in rooms for which NA pays rent. Many individual trusted servants follow guidelines and pass on funds that are used to further our primary purpose. All of these things happen because NA communities utilize responsible accounting practices.

SAFEGUARDING FUNDS

Theft can be avoided by consistently and diligently following responsible financial principles and practices. The pain and conflict caused when one of our members steals from us, as well as the loss of funds that might have gone to help the still-suffering addict, point to our responsibility to prevent theft from happening in the first place.

Most theft of fellowship funds occurs when precautionary measures are not in place or are in place but not used. Some of us have hesitated to either institute or use these measures because they make us uncomfortable--we believe that they are somehow insulting to the people we ask to serve, or they seem too troublesome to follow. However, the very best safeguard against theft is to remove the opportunity to steal. It is far more uncomfortable and troublesome to deal with a theft after it has taken place than to take measures to prevent it from happening in the first place.

SELECTING TRUSTED SERVANTS

Our Fourth Concept tells us how to select our trusted servants: "Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants."

So what exactly are these "leadership qualities" the Fourth Concept tells us to look for? Honesty, integrity, maturity, and stability, both in recovery and in personal finances, are but a few. We often avoid asking questions regarding the financial stability of those we are considering for these types of positions, because those questions may be uncomfortable for us or we somehow feel they are inappropriate, given the spiritual nature of our program. We sometimes ignore evidence that a person is having a difficult time with his or her personal finances and should not have the additional burden of responsibility for NA's money. Not only is it okay to ask members standing for election about their qualifications in these areas, it is irresponsible not to.

Substantial clean time *and* financial stability should be required for positions where money is handled. Many NA communities have found it helpful to develop a list of questions regarding employment, service experience, experience with handling funds, and financial stability. These questions are then asked of all nominees as a matter of course, so that people do not feel singled out based on personalities.

RESPONSIBLE MANAGEMENT

"NA funds are to be used to further our primary purpose, and must be managed responsibly." Our Eleventh Concept points out how very important NA funds are. In keeping with the spiritual principles of this concept, guidelines regarding the handling of funds should be developed and adhered to. The guidelines should include both recognized accounting practices and procedures that ensure the accountability of our trusted servants.

The *Treasurer's Handbook* is an excellent resource for groups and service committees to use in instituting accounting procedures. All guidelines should include appropriate safeguards, such as monthly reporting, regular audits, two-signature checking accounts, and monthly reconciliation of original bank statements. For groups without checking accounts, many of these practices can still be incorporated into the handling of NA funds.

To paraphrase one of our sayings, an addict alone with NA money is in bad company. It is critically important that all processes be monitored by another person: two people count receipts; two people make the bank deposit (and this should be done immediately, not the following day); two people reconcile the original bank statements; and most importantly, two people are always present when any funds are disbursed. Financial records should be readily available to other trusted servants. It is important to note that other assets, such as convention merchandise, literature, and office equipment, should be treated as carefully as money.

Financial procedures need to be written into guidelines to require a review and signature of those responsible for handling funds before they are put into positions of responsibility. Members who know they will be held to standardized accounting and auditing procedures will most likely behave in a responsible manner. Include a statement that theft will not be tolerated, and outline the process that will be followed if a theft occurs. If you are unsure about how to write adequate financial guidelines, please contact the World Service Office for assistance.

WHEN SAFEGUARDS FAIL

If we develop and follow these procedures, we will make it almost impossible for anyone to misappropriate or steal NA funds. If someone does steal from us, the first question we should ask is one of ourselves: Did we adhere to all of our accounting procedures and safeguards? If

the answer is no, we as a service committee also bear substantial responsibility for the theft. We will want to review our procedures to ensure that they are complete and resolve to adhere to them in the future.

But suppose the answer is yes, we followed our guidelines to the letter. We did everything in our power to prevent a theft, and someone stole from us anyway. When this happens, there is often a mixture of reactions, ranging from, "Let's forgive and forget; after all, we're addicts who are prone to acting out on our disease. We don't want to run the individual out of meetings and into a possible relapse," to "Let's throw the thief in jail!" But whatever it is, we don't want our initial emotional reaction to dictate the outcome of the situation.

Our program of recovery provides every member with an opportunity to behave responsibly in difficult situations and make amends. We are closest to the spiritual principles of our program when we begin to deal with a theft by encouraging the member who has stolen funds to make amends, which can then provide healing for all involved.

This is not to say that the disappearance of NA funds should be taken lightly or that a service committee should sit and passively wait for a member who has stolen funds to be moved to make amends. We instead encourage a process that is both responsible and spiritual, taking steps of increasing severity should they prove necessary.

First of all, a thorough review of all books and financial records should be conducted to make sure the funds were actually misappropriated. How much? By whom? What failing in the accounting procedures and safeguards allowed this to happen?

If it becomes clear that money has indeed been taken, the group or service committee should then schedule a meeting, making absolutely sure the individual(s) who took the money is informed of the meeting and given the opportunity to present his or her point of view. At this meeting, there should be a format that allows time for everyone involved to express their feelings and concerns. This allows everyone to give their input and may also allow a "defusing process" to occur. After all sides have been heard, a break in the meeting format is encouraged to allow all present enough time to get in touch with their own Higher Power and focus on spiritual principles, before coming back to decide the best course of action.

If the individual admits to the theft and agrees to pay back the missing funds, a restitution agreement can be developed. Such an agreement can include regular payments at any interval acceptable to all involved, though it is best not to drag out the process unnecessarily. Most agreements specify regular weekly or monthly payments until the full amount is repaid. We strongly suggest drafting a legally binding document, utilizing legal advice if possible, and having it signed and witnessed. Let the individual know that if the restitution agreement is not adhered to, you intend to take legal action based on the signed and witnessed restitution agreement.

A report about the situation should be published, and regular reports on the status of the restitution agreement should be published until the agreement is satisfied. Protecting the identity of the person involved is secondary to being accountable to the fellowship for its funds and ensuring that the person is not put in a position where he or she may do further harm.

Again balancing spirituality with responsibility, we have found that it is best to remove the individual from his or her service position and not consider the person for another position until he or she has dealt with the issue through the process of the steps.

If the individual does not appear at the special meeting, you will need to ensure that every effort to contact the person has been made. Use registered mail to send a letter explaining that an audit of financial records has been performed, that facts show the individual is responsible for missing money, that repayment is expected, and what the consequences will be if the individual does not respond to the letter. Copies of the letter should be put in a safe place for further reference. This may seem severe, but if the previous steps have been taken without result, sometimes something this harsh is the impetus that encourages the individual to make restitution.

If the individual refuses to repay the money, or agrees to a plan but does not follow through with the agreement, or if the person has disappeared, it may be appropriate to take legal action. The decision to take legal action is an option that does not compromise traditions or spiritual principles, but it should be our last resort, opted for only when everything else has been tried. We strongly suggest that the decision to prosecute be thoroughly explored before going ahead, using area and regional service committees and world services as resources.

RESOLUTION AND RECOVERY

Even if a successful resolution is reached, many of us will still be angry and hurt and may want to shun the person involved. Although this is understandable, we have to remind ourselves that NA's primary purpose is to carry the message to the addict who still suffers. We also need to remember that our disease will surface if we are not diligently working a program of recovery. As NA members practicing spiritual principles, we should all support the individual in continuing his or her recovery, utilizing meetings, a sponsor, and the Twelve Steps. We should offer the same love and support we would to someone who has relapsed by using drugs.

The misappropriation of NA funds affects groups, service committees, and world services in their efforts to carry the message to the still-suffering addict. The process necessary to deal with such incidents typically has long-term effects--conflict between members, disunity, disillusioned members--on any NA community, directly affecting the newcomer. The safeguards recommended in this bulletin not only protect our funds, but protect us from our disease. We implore NA communities worldwide to develop and follow procedures that protect NA funds; doing so will keep our future secure.

This form is to be read and signed by all PRASC Elected Trusted Servants. After signing and dating, one copy will be given to the signee and the original will be kept on file with the PRASC Treasurer.

1. The Eleventh Concept of Service states, "NA funds are to be used to further our primary purpose, and must be managed responsibly." We suggest that you read the Twelve Concepts of Service and get a better understanding of them.
2. The NA World Service Bulletin #30, Theft of NA Funds, has been implemented by the PRASC to help prevent financial problems and guidelines for when safeguards fail. This policy is based on principles and not personalities. There will be no exceptions to this policy.
3. All trusted servants handling PRASC funds or saleable items will be given a copy of this financial policy to be read and signed.
4. Trusted servants will be given a bank deposit bag and deposit slip, prior to facilitating an event, so that all funds collected at the event can be deposited immediately, within 48 hours, into the night deposit box. Please be advised that all trusted servants and individual addicts entrusted with handling PRASC merchandise and/or funds will be held accountable. If any merchandise and/or funds are found to be missing or misused and investigation will be initiated by the PRASC Admin Committee. If you are found to have stolen or misused merchandise and/or funds your trusted servants position will be immediately forfeited and the PRASC Admin Committee will have you prosecuted to the fullest extent of the law.
